

Comprehensive dental benefits for you and your family

Choose a Dental Blue plan

Regular dental check-ups and cleanings are important to your overall health. That's why we give you the option of adding one of our Dental Blue plans to your Anthem health coverage.*

- Dental Blue Basic 100:** Provides coverage for the basics, including routine dental check-ups and fillings. If your dental needs are simple, this may be the right plan for you.
- Dental Blue Essential 100*:** Includes coverage for the basics, plus services like crowns, bridges, root canals and dentures. If you think you may need a plan that offers more comprehensive benefits, this is the right plan for you.
- Dental Blue Essential 200:** Has basically the same coverage as Dental Blue Essential 100 but gives you wider choice of network dentists in exchange for a slightly higher cost. If your favorite dentist is in our larger network, this plan may be the best choice for you.

Save more by using our Dental Blue networks

While all three Dental Blue plans allow you to go to any dentist, you'll save the most money when you choose a dentist from your plan's dental provider network. There are two Dental Blue networks:

- **Dental Blue 100 network:** This is the value network for our Dental Blue 100 plans. Dental Blue Basic 100 and Essential 100* members can save the most on dental care when they choose a dentist from this network.
- **Dental Blue 200 network:** Includes the entire 100 network plus even more choices of dentists and specialists. Dental Blue Essential 200 members can save the most on dental care when they choose a dentist from this network.
